CL-04-072(C) CN	79th Street (1410E) Culvert Replacement	Culvert replacement		\$150,000 to \$300,000
CL-42-020(C) CN	Karen Drive (5844S) Culvert Replacement	Culvert Replacement		\$200,000 to \$400,000
CL-51-003(C) CN	Carroll Road (6400N) Culvert Replacement	Culvert Replacement		\$200,000 to \$400,000
PA-12-003(C) CN	Fall Creek Trail Rehabilitation from Keystone Ave. to 56th Street	Repave trail - low areas becoming overwhelmed by silt		\$750,000 to \$1,500,000
PA-16-019(B) CN	Garfield Arts Center Building Exterior Water Proofing	Water Proof Exterior of Arts Center Building to Prevent Moisture from Entering the Building.		\$100,000 to \$200,000
SD-32-012(C) CN	Madison Ave./East St. South Gateway - Drainage Portion	Drainage Project for area immediately east of Madison Ave./East Street Intersection (Gateway South Area)		\$3,000,000 to \$5,000,000
ST-25-161B(03) CN	Monument Circle Rehabilitation Traffic Control CN CMAQ FY 2017	Traffic Control devices to close the circle for special events	Yes	\$750,000 to \$1,500,000
TR-17-001(B) CN	Indianapolis, Marion County, Systematic Impact Attenuators HSIP FY2017	The purpose of the project is to shield obstructions at vehicle underpasses around Indianapolis with impact attenuators or related devices to absorb the force of a vehicle leaving the travel lane and protect the bridge structure. These locations currently do not have any guardrail, attenuator, or other protective device, but are marked with signage and in some cases, flashing beacons. The subject locations contain one or more bridge piers or similar structures at the centerline, lane line, or roadway edge with little or no separation from vehicle traffic (0-3 feet). Collisions with these concrete and steel piers result in a high rate of injury and fatality, as well as endangering others by potentially collapsing the structure. Among the candidate locations is an pier that was the site of a highly publicized fatal school bus crash in 2012.	Yes	\$1,000,000 to \$2,000,000
TR-18-001(B) CN	25th Street and Delaware Street Pedestrian Improvements HSIP FY2017	Install new pedestrian crosswalk warning signs, flashing beacons, special warning signs, and upgrade pedestrian curb ramps and refuge areas at areas of high conflict between pedestrians and vehicular traffic	Yes	\$300,000 to \$600,000
