## CONSTRUCTION MEMORANDUM 18-03

TO: District Deputy Commissioners  
District Construction Directors  
District Technical Services Directors  
District Area Engineers  
District Project Management Director  
Project Management Director  
District Traffic Engineers  
District Testing Engineers  
District LPA Coordinators  
Project Engineers/Supervisors  
Field Engineers  
Office of Material Management

FROM: John Leckie, Director   
Division of Construction and Materials Management

SUBJECT: Acceptance Method for Fence and Fence Materials

The purpose of this memorandum is to notify all field personnel of the specification changes to section 910.18, Fence, Fittings, and Gates. RSP 910-C-259 took effect for all lettings after February 1, 2018. This RSP changes the acceptance procedures for fence and fence materials.

Failure of these items is of little to no risk to the Department. The Department wants to reduce confusion of having two different acceptance methods on the same material in the same construction season.

To utilize RSP 910-C-259, all Contracts let prior to 2/1/18 that have Section 603 pay items shall have a no cost change order generated and approved to cover the specification change.

Any questions or comments should be directed to the Division of Construction Management through the channels of your respective district Field Engineer.
